SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Coastal Region

Paul's Slide, State Route 1, Monterey County

Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.

- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.

Mud Creek Slide, State Route 1, Monterey County

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- Estimated opening date is 06/01/18.

Pfeiffer Bridge Incident, Monterey County

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.
- Caltrans will continue the process of delivering construction materials and equipment to the site of the demolished bridge on HWY 1 via Nacimiento-Fergusson Road from Hwy 101 on Thursday, 06/15/17.
- Some equipment will begin moving out one piece at a time throughout the week. These convoys of equipment will be escorted by CHP.

SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Inland Region

River Forecast - The following rivers are forecast to meet or exceed Monitor Stage:

- Placer County: Truckee River at Truckee
- Alpine County: East Fork Carson River at Markleeville

Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>

Cal OES Southern Region

River Forecast - The following river is forecast to meet or exceed Flood Stage:

- Mono County: West Walker River at Highway 395 below Little Walker is forecast to exceed flood stage the morning of 06/17/17
 - Potential Impacts: Some minor flooding of lowlands...pastures and rural roads.

Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>

Service Interruptions:

Partial 9-1-1 Outage, Needles, San Bernardino County (Initial/Final)

On 06/12/17 at 1858 hours, the California State Warning Center (CSWC) was notified by the Cal OES 911 Branch of a partial outage in Needles, San Bernardino County.

- 122 customers were impacted
- The outage began at 1540 hours
- The outage was due to a bad card connection in the Central Office (CO)
- Frontier advised the outage was not initially identified as some customers served by the CO still had dial tone.
- Service was restored at 1756 hours.

Remote/Community Isolations:

- None reported

WEATHER OF CONCERN

Weather of Concern

- Highs will be pushing to near 100 by Friday and will continue to be warm into the weekend.

Active Weather Warnings, Watches and Advisories by County:

- http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php - Temporarily unavailable.
- <https://alerts-v2.weather.gov/counties/CA>

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

Hot and Dry with North Winds This Upcoming Weekend.

The low pressure that has produced the cool, wet, unsettled weather throughout Northern California is now over Nevada. Areas from the Sacramento Valley to the coast will begin a clearing, drying, and warming as a drier northwest flow aloft moves overhead. The drying and warming trend will spread to all areas on Tuesday. Temperatures will warm to near normal on Wednesday. Building high pressure will push temperatures to 10 degrees above normal by Friday, and 15 or more degrees above normal from Sunday well into the following week. North to Northeast offshore winds will enhance the hot and dry conditions from the western Sierra slopes to the coast beginning Saturday, with peak gusts reaching 20-30 mph in wind-prone areas by Sunday. Poor relative humidity (RH) recovery can be expected beginning this upcoming weekend, with minimum afternoon RH 8-15% in these areas.

SOUTHERN CALIFORNIA

Hot and very dry Thursday through early next week.

The deep area of low pressure that was over Northern California is now over Nevada and will move off to the northeast the next couple of days. A ridge of high pressure will build into California from the south causing temperatures to warm around 10 degrees away from the coastal areas both Tuesday and Wednesday. Minimum humidity will drop into the teens and twenties away from the coastal areas Tuesday and Wednesday. Slow warming along with minimum humidity in the single digits and teens will occur away from the coast Thursday through early next week as the ridge continues to strengthen. Temperatures will reach 100 degrees across the warmer valleys starting Thursday and then be above the century mark Friday through early next week. Winds will be light Tuesday through early next week.

Cal OES LAW ENFORCEMENT MISSIONS

New Cal OES Missions

- **2017-LAW-36349, 6/10/17, 0100 hours**, Air Force Rescue Coordination Center (AFRCC) reported an ALNOT for a missing/overdue aircraft, a Beech, six seater. It is believed only the pilot was aboard. The aircraft was seen departing Del Mar Farms Airport in Stanislaus County around 1400 hours enroute to Columbia airport in Tuolumne County. There was a delay in the reporting as the pilot did not file a flight plan. Ramp checks were completed at both airports with negative results. The pilot had personal vehicles at each airport and they were located during the ramp checks. AFRCC activated Civil Air Patrol (CAP) (National Team) and start Cell & Radar Forensics. They will also call California Wing of CAP and assign an Incident Commander. **Update: 0135 hours**, AFRCC looking for air assets to fly mission. **Update: 0230 hours**, AFRCC provided the radar forensics report which shows the aircraft's last known position (LKP) as North of the Town of Fort Jones, JNO Swiss Ranch Rd., in Calaveras County approx. 18.5 miles North of the destination airport. It revealed a sudden and sharp decrease in altitude and airspeed. **Update: 0251 hours**, LDO briefed Calaveras County SO and shared the radar forensics report. They are putting together a ground team for first light. **Update: 0436 hours**, Spoke with California Wing CAP IC who advised they have an aircraft departing soon and will try to locate an ELT signal. The IC is going to brief Calaveras SO on their activity. **Update: 0817 hours**, CAP's first aircraft has completed it's search and a second is now over the search area. Calaveras SO SAR is putting a ground team together. CHP is also assisting. **Update: 6/11/17** Both ground and air searching concluded Saturday evening without locating aircraft. **Update: 06/12/17, 1156 hours**, TCOMM Communications Reserve Unit (CRU) Staff is responding with an Operational Area Satellite Information System (OASIS) Trailer Com-64 to provide telephone capability to the incident command post (ICP), additionally CRU staff on site are looking at a local WiFi and VoIP solution. **Mission Ongoing.**
- **2017-LAW-36305, 6/08/17, 2305 hours**, The El Dorado County Sheriff's Office (EDSO) and the US Coast Guard (USCG) Station Lake Tahoe are working a joint search and rescue (SAR) for a missing Vietnamese male in his 40's who disappeared while kayaking earlier Thursday. The USCG, who is handling the air support side, made a request for an HH-60 out of NAS through the Air Force Rescue Coordination Center (AFRCC), which was approved. The Fallon airship will supplement a fixed wing out of USCG Sacramento and a local CHP helo. EDSO continues searching with ground and marine teams. **Update: 6/9/17, 1500 hours**, EDSO advised weather conditions have deteriorated; air and marine assets have been recalled due to unsafe search conditions. Mission suspended until weather conditions improve. **Update: 6/11/17, 0600 hours**, Per USCG Station Lake Tahoe, both air and water searching are suspended again today due to high winds. El Dorado SO SAR will be utilizing K9s to search on land today beginning at 0900 hours. **Mission Ongoing.**

Cal OES MISSIONS

Cal OES Missions

- **2017-SOC-34379:** Technical specialist for spillway floor inspections at Oroville Dam, Butte OA – Demobilizing
- **2017-Cal OES-35819:** Twelve Caltrans engineers requested to conduct damage and site inspections throughout the state for impacts related to 2017 February Winter Storms. The lead engineer will report to the Joint Field Office to coordinate the response.

Presidential Declaration Storms – FEMA-4301-DR-CA & FEMA-4305-DR-CA

- Preliminary Damage Assessments are complete for counties named under Presidential Declaration FEMA-4301-DR-CA and FEMA-4305-DR-CA: Alameda, Amador, Butte, Calaveras, Contra Costa, El Dorado, Humboldt, Inyo, Kern, Lake, Lassen, Los Angeles, Marin, Mendocino, Merced, Mono, Monterey, Napa, Nevada, Orange, Placer, Plumas, Riverside, Sacramento, San Benito, San Diego, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Trinity, Tuolumne, Yolo, Yuba

Presidential Major Disaster Declaration - FEMA-4308-DR-CA

- Assistance for emergency work and the repair or replacement of disaster-damaged facilities: Alameda, Alpine, Amador, Butte, Calaveras, Colusa, Contra Costa, Del Norte, El Dorado, Glenn, Humboldt, Kings, Lake, Lassen, Marin, Mariposa, Merced, Modoc, Monterey, Napa, Nevada, Plumas, Sacramento, San Benito, San Joaquin, San Luis Obispo, San Mateo, Santa Barbara, Santa Clara, Santa Cruz, Shasta, Sierra, Siskiyou, Solano, Sonoma, Stanislaus, Sutter, Tehama, Trinity, Tuolumne, Yolo, and Yuba Counties.
